

FOES CLASH IN THE FIRST SKIRMISH OF IMPENDING STRUGGLE

Outposts of Approaching Armies of Japan and Russia Meet
Six Miles North of Yantai and Engage in Conflict
While the Eager Forces Following Line Up for
Deciding Battle of the War

MUKDEN, Oct. 12.—A bloody battle is now raging about six miles north of Yantai, the railroad station. The Japanese on Sunday fell back along the whole front and the Russian advance guards crossed the Schil river, about half way between Mukden and Liao Yang, and came within three miles of Yantai, but yesterday the Japanese received strong reinforcements of infantry and not only held their positions, but even assumed the offensive. The fighting lasted all day and night. The Japanese directed their artillery fire with great skill and searched the Russian positions so fiercely that the Russians fell back from the Schil river, which crosses the railroad seven miles from Yantai. The Russians this morning resumed their advance once more, crossed the Schil river and engaged the Japanese two miles south of it. A terrific artillery engagement is proceeding along the entire front. The result of the battle is still undecided.

Skirmish Between Outposts

ST. PETERSBURG, Oct. 12.—The severe fighting north of Yantai, resulting in the temporary check of Kuropatkin's advance guard is not regarded at the war office here as indicating a general engagement. Latest official dispatches indicating the disposition of the various corps show that the whole army is not yet in line of battle.

The present engagement may be regarded as the result of a counter attack which an enterprising foe like the Japanese might be expected to make, but without any calculation to prevent a Russian advance Kuropatkin's present superiority in numbers is bound, sooner or later, to compel the Japanese to fall back upon their strong positions within the triangle formed at Yantai, Liao Yang and Skywantung. Everything points to that district as being the prospective scene of the decisive struggle of this year's campaign.

...A Delicate Throat...

Probably you haven't had any trouble for several months, but you may have now cold nights and snappy mornings may bring unpleasant reminders of your delicate throat. If you grow hoarse without any apparent reason, if an ugly little hack arises, take Cann's White Pine Cough Syrup at once. It soothes and heals, it drives away that raspy soreness in the throat. Best of all it prevents those severe spasms of coughing which are so likely to produce soreness of the lungs.

Pigeon bay on the night of September 18th and foundered. One hundred and ninety-seven lives were lost.

Two petty officers and two sailors managed to reach Chiaopai Island, from which they were rescued.

The Hel-Yen, which was engaged in guard duty off Pigeon bay, was missed by the fleet and a search for the vessel was immediately begun. The petty officers and sailors found on Chiaopai Island reported that at dusk on September 18th a storm came up accompanied by high seas. The Hel-Yen endeavored to return to her base when she suddenly struck a floating mine, which exploded under her starboard side amidships. The vessel began to sink and an attempt was made to lower the boats. The boats were swamped and the crew jumped into the sea where owing to the heavy combers, many were quickly drowned. The Japanese fleet carefully searched the patrolled locality but failed to find any other survivors.

PETITION WITHDRAWN BY THE SILVER PARTY MEN

CARSON CITY, Nev., Oct. 11.—Attorneys who filed a petition with the Supreme Court asking for a writ of prohibition against the Secretary of State and fourteen County Clerks of Nevada to prevent them from putting the names of the nominees of the 'lump' convention on the ticket under the head of 'Silver Party' nominations, withdrew their petition today for the reason that the time is too short to serve the defendants and have the case tried without absolutely disfranchising the voters of eastern and southern Nevada.

CROWDS CHEER FOR VAN DUZER DURING COMSTOCK MEETING

Nevada's Congressman Scores Point After Point Against His Opponents in His Opening Campaign Speech at Virginia City

Special to the Journal

VIRGINIA CITY, Nev., Oct. 11.—C. D. Van Duzer, opened the campaign in Piper's opera house in this city this evening, addressing a good-sized audience, which appreciated the worth of his remarks by manifesting such with frequent bursts of applause. Mr. Frank Langham acted as chairman of the meeting while seated on the platform were Senator Newlands, Hon. W. F. Sharon, Colonel F. C. Lord and the various candidates of Storey county on the Fusion ticket.

Van Duzer began his speech by referring back to what he had pledged himself to work for when elected to Congress, stating at that time his platform consisted of two planks, one the development of the State of Nevada the other the interests of the laboring man. "Never have I made one false step in my pledges, having always been true and espoused the cause for which I was elected to look after," he said.

The Republican platform of Storey county was taken up, it being found that the planks were inconsistently crossed, and in relation to them the speaker challenged the man or set of men who had to do with the insertion in reference to the present member of Congress, using his office for personal gain by disposing of bogus mining stocks in unheard of companies, to prove such assertion.

Van Duzer went into details in regard to his connection with the mining industry and stated that he sold Rescue stock, believing at the time that the property would be a valuable one in the future and also from the fact that George S. Nixon was a director of the company. The method of operation in the sale of stocks of the McKinley mines in White Pine county

was gone into the speaker stating that before his record on the mining industry should be attacked by the Republican press and candidates, the record of the candidates for United States Senate and Congress had better be cleared.

Never," stated Van Duzer "have I as a representative in the halls of Congress approached a member of the House of Representatives, the Senate of the United States or the Supreme Court upon a mining investment."

Mr. Van Duzer took up the labor question and recited how the Republican party had downed every measure that was wanted by organized labor the majority in power using the "gag" rule and other unfair means to keep that party from going on record. The trust question was gone over thoroughly, the speaker showing conclusively that Wall Street in its entirety was for Roosevelt and against Parker. Considerable time was given to the various candidates of the Fusion State ticket, and especially in relationship to those seeking the United States Senatorship. The plank in the Storey county Republican platform on this issue was taken up thoroughly, Mr. Van Duzer stating that it was a direct slap to their own candidate.

"Why," said Mr. Van Duzer, "were you not consistent, (referring to the Republicans) and name a man like T. B. Rickey or George T. Mills or ex-Governor Colcord or P. L. Flanagan? No, you were looking for a man with a sack and you found him, but on November 9th he will be found in the sack. His only hope is by the power of money, and he has boasted that he could

MUST ANSWER FOR THE DEATH OF THEIR HELPLESS VICTIMS

Coroner's Jury Places the Blame for the Missouri Horror Upon the Freight Crew That Ran Past Its Orders and Slept at the Post of Duty—Arrests and Prosecution Will Follow

WARRENSBURG, Mo., Oct. 11.—The crew of the extra freight train, which collided with the Missouri Pacific World's Fair train yesterday, resulting in the death of twenty-nine persons, has been held responsible for the disaster by a Coroner's jury, which returned a verdict tonight.

The verdict charges the crew with disobeying orders and with being asleep at the post of duty. No recommendation was made as to the prosecution of the train crew.

County Prosecuting Attorney Morrow said after the inquest that he would immediately begin the prosecution of the persons charged with responsibility of the wreck by the Coroner's jury.

Robbed the Dead

JEFFERSON CITY, Mo., Oct. 11.—B. Zelger and L. A. Haynes, brakemen on the freight train which crashed into the Missouri Pacific World's Fair train near Warrensburg, Mo., were arrested today on warrants charging them with stealing \$87 from the body of a fellow brakeman named Seidel, who was killed. A bloodstained railroad ticket, issued to James England, of Dexter, Kansas, was found in the pocket of one of the men under arrest. Zelger and Haynes are among those accused by the Warrensburg Coroner's jury as being responsible for the wreck.

Jail Break at Goldfield

GOLDFIELD, Nev., Oct. 11.—Not satisfied with having torn their way from jail to liberty, Mike Somers, Joe Welch and Matty LaBlonde, three of four escaped prisoners, walked up to Constable Thomas yesterday and asked him for the price of a drink. The officer had been looking for the men since the day previous when they broke from the town jail. The kind-hearted officer did not refuse the man a glass of liquor, in fact, he escorted them to a saloon, paid for their drinks and then took them back to jail. Later in the day Harry Manon captured the fourth escapee at Rabbit Springs. His name is S. Mullins.

The four men were taken before Judge Collins last evening and held to answer on a charge of jail breaking, their bonds being placed at \$3,000 each.

The men had been carousing Sunday and were arrested for being drunk and disorderly. In some manner they obtained whiskey while in jail. This only added to their desire for freedom. By using their combined strength, they succeeded in wrenching the jail door from its position and walked to freedom.

Fortune for a Horse

NEW YORK, Oct. 11.—The imported stallion Medley, of the stud of the late William C. Whitney, sold tonight at Madison Square Garden to Matthew Corbett for \$51,000. This is \$20,000 more than Whitney paid for the horse.

THE PITIABLE PLIGHT OF 2660 HELPLESS COOLIES

SINGAPORE, China, Oct. 11.—Marooned on a small island in the China sea, with provisions for only ten days, are 2,600 coolies and four Europeans. The steamship Swanley, which arrived here today badly damaged, reported that while she was bound from Hongkong for South Africa with 2,600 coolies and four European passengers on October 3d she grounded on Seraya Island, about seventy miles south of the Nantuna Islands.

When the steamer floated three days later a number of holes were found in her bottom and she was obliged to land all her passengers on Seraya Island, where they were left with provisions for ten days.

The vessel was just able to make Singapore. She was leaking badly and will not be able to proceed for some time.

EVIDENCE OF WOOD

ALCOHOL IS FOUND

NEW YORK, Oct. 11.—The Federal government has taken a hand in the investigation of the alleged poisoned whiskey case, to which many deaths in the vicinity of Tenth and Forty-sixth street have been attributed. Following the arrest of a saloon keeper by the local police the revenue officers began an investigation. All saloons were again ordered visited and more samples of liquor taken for analysis.

Coroner Scholer said today that the examination of the contents of the stomachs of the persons who died suddenly under mysterious conditions disclosed traces of wood alcohol. Representatives of several insurance companies have begun an investigation of many recent deaths in this section of the city.

HOUSE VOTE ON THE IRRIGATION BILL

NEVADA VS. COLORADO.

NEVADA and Colorado, the former with a Democratic Governor and the latter with a Republican Governor, illustrate the difference between the orderly working out of reforms through law and the violent and lawless methods employed by the representatives of plutocracy. In Nevada John Sparks, a Democrat, is Governor. While he is a man interested in both mining and agriculture and a man of large business interests, he is in sympathy with the masses and anxious to improve the condition of the laboring men. The Democratic and Silver parties adopted platforms favoring an eight-hour day. They were successful, a fusion legislature passed the eight-hour law, the Democratic Governor signed the bill and the fusion Supreme Court declared the law constitutional. As a result Nevada has peace and progress. In Colorado the people demanded an eight-hour law and the law was passed, but the Supreme Court declared it unconstitutional. The people then proposed and adopted a constitutional amendment authorizing the enactment of an eight-hour law, but the Republicans carried the state and while Senator Teller was elected by one majority on joint ballot the corporate influence was strong enough to prevent the passage of a law carrying out the constitution as amended. As a result of this disregard of the will of the people by the corporations Colorado is a state bordering on anarchy and the Republican officials are the ones who are ignoring the law. Peabodyism is the natural and legitimate outgrowth of that contempt for the rights and interests of the masses which is manifesting itself more and more among the plutocrats. Governor Peabody is the willing exponent of this element and his administration is giving the people a foretaste of what can be expected if organized wealth ever gets unquestioned control of the nation and carries out its purpose to employ the army for the subjugation of the wage earner.

Democratic Nevada and Republican Colorado present a striking contrast and make plain the difference between the Democratic and Republican methods of dealing with the labor question—Colorado Exchange

OF COURSE THEY WANT PROSPERITY.

THE Carson Stewart and Nixon organ says the people of Nevada "want prosperity. They want a man in the White House who agrees with them on irrigation, tariff on wool, hides, lead and borax." Of course the people of Nevada want prosperity, and that's the reason why they are going to see that the electoral vote of the state is cast for Parker and Davis. They know that the irrigation bill was a Democratic measure and that Judge Parker stands committed to the enforcement of the law by the ringing irrigation resolution in the Democratic national platform. The people of Nevada also want a man in the White House who is with them on the tariff question. They are tired of paying nearly double prices for nearly all the necessities of life because of a tariff law, which, while it robs every man, woman and child in Nevada, does not benefit to the extent of a nickel any resident of the state. Wool is lower under the Dingley than under the Wilson law, every cattle and sheep shipper will testify that the meat trust gets all of the benefit of the duty on hides, and as for borax, with the exception of two or three carloads which entailed a loss upon the producers not a pound has been produced in the state since the passage of the Dingley act. Of course the people of Nevada want prosperity and they are not going after it by the Republican route.

There are nearly or quite 450 big trusts. The administration prosecuted one through the Supreme Court and secured a verdict. Since then that same identical

dent thought and of courage, though-not always of independent action. Yet in the latter years of his life Mr. Hoar has been practically without influence in public affairs. He was a national figure, his attitude and his remarks on questions of public importance were eagerly looked for, but in the field of his activity, the Senate, he was practically without influence. The men who direct the affairs of legislation today are not of this class. They are men like Aldrich and Quay and Platt, men who are not known for culture or intellectual ability, who are seldom heard in debate, but who are nevertheless influencing results. The present need is the development of a class of men with the ability and moral sense of a Hoar and the capacity for scheming of a Quay.

"WAS THAT HONEST?"

THE Carson News, under the caption of "Honest John Sparks," threshes over a whole lot of old straw in a vicious and silly attempt to hold one chief executive responsible for the money appropriated by the legislature for the Nevada exhibit at the World's Fair being squandered, and of which the Governor never handled or dictated the expenditure of a nickel. A number of statements are made without regard to truth or facts, each paragraph being supplemented by the interrogative, "Was This Honest?" The animus of the News may perhaps be indicated by the publication of the fact that Governor Sparks forbade the admission of that paper in his office because of its unwarrantable and unjustifiable comments upon his private business affairs. Was that honest, Governor Sparks?

A Republican paper says it is not necessary for Roosevelt to make any campaign speeches, because the American people 'know where he stands on every issue that concerns their welfare.' Where does he stand on the labor question and on the Philippine question? He studiously avoids these questions. And where does he stand on the second term question? Everybody knows how Mr. Parker stands on all of these, and upon every other question at issue.

We have received a sample copy of the New York Transcript, a Democratic colored organ, of which Thomas Gill is editor and proprietor. The editor gives strong and logical reasons why members of his race should abandon the Republican party, the leaders of which have only used them for their own selfish purposes, and produces able argument to prove that the true friends of the negro are found in the Democratic party.

PROTEST BY A VERDI CITIZEN

He Complains of the Unwarranted Tactics Resorted to by the Evening Paper

Editor The Journal: The flagrant head lines in yesterday's edition of the Gazette, coupled with the heinous article, which needs no comment and shows the extremes to which the opposition will resort in their attempts to defile the character and condemn the honesty of the purposes of the Democratic candidates. The article savors of a paid item for the purpose of satisfying a jealous greed and favors which were evidently denied because the Democratic candidates who opened their campaign at Verdi last Saturday are of a class of men from whom no one could secure a bribe or promise be it for whatever cause prompting the demand.

They were men whose ideas of honorable politics raises them above the various pernicious customs that were heretofore considered an essential feature of a successful candidate's campaign, and I say to the voters of Washoe county that there is more honor to him who thus ignores such tactics to secure votes. We do not know that Johnnie Hayes or any other candidate spent six bits or six dollars, but we do know that there never has been a more orderly, decorous and intelligent gathering to listen to the speeches of a political meeting in the town of Verdi, nor will any one gainsay the statement that the issues of the day were most intelligently discussed and with the convincing oratory that compelled the earnest attention of every man and woman present.

As the Gazette admits, the night was raw and chilly, but notwithstanding that, there was a full hall of attentive listeners, and even expressions coming from honored and responsible Republicans were to the effect that there had never been a more interesting and intelligent political gathering in the town of Verdi, devoid as it was of that "frantic" enthusiasm which the Gazette seems to think a requisite of a successful political campaign meeting. We say to the Gazette that if the party to which it pretends allegiance shall have a recognition approaching the "sample" of the Democratic opening of their campaign at Verdi on Saturday evening they may feel somewhat encouraged, even though they feel at present that their cause is hopeless and that they must begin a mud-slinging contest from the outset.

P. J. KELLY RANCH TO BE SUBDIVIDED

The P. J. Kelly ranch, located northeast of Reno, and between this city and Sparks, is to be sub-divided into small tracts of from five acres up. The ranch consists of about four hundred acres of as good land as there is in this or any other man's country. The subdivision will not be limited to five acres but can be purchased in as large tracts as are desired. Surveyors will be placed upon the land at once and as soon as it can be platted, it will be placed on sale.

It will be so arranged that there will be good roads on two sides of each five-acre tract.

The tract is within easy access of both Reno and Sparks. It lies in one of the best as well as most beautiful places for suburban homes. Its location brings the advantages of both towns within easy access. The new street car line, now in course of construction, will pass within a half mile of the Kelly ranch. The agency for the tract has been secured by the Barnes & Folsom Realty Company. Full information can be obtained by calling at the office of the company, 226 Virginia street, Reno, or from P. J. Kelly, owner of the property, who can be seen at the ranch or addressing him at postoffice box 423, Reno, Nevada.

M. B. Raymond will again present "Arizona," America's greatest play, at McKissick's Opera House for two nights, October 13th and 14th. The theater going public seems never to tire of this charming comedy drama and hail each succeeding visit with

delight. We have gone over the story of Mr. Thomas' play time and again and it is not our intention to burden our readers by reiterating the many praises which critics and the public have written and said about it. Suffice to say that the coming presentation will be as grand and perfect as to detail as on any of its former visits here. You will see the same bluff hearty Canby and his comely wife and the same Estrella, with her weak points that are natured by the flattery; of the Captain until the frank open-hearted Lieutenant Denton awakens her to her danger; charming, ingenious Bonita, with all the sprightliness of youth, the sedate, cavalier-like husband, Colonel Bonham, and all the attendant characters, including the vaquero, Tony, the blunt Dr. Fenlon and his eccentric love-making to Miss McCullagh, the strong-minded school teacher, Lena, the servant maid, who has been deceived by the Captain; Sergeant Keller, her father, and all the minor characters which go to make up the cast of this more than interesting play.

CLUB MEN TO MEET 'VARSITY

Olympics and Nevada Will Fight for Honors on Football Field Next Saturday

The Olympic football team of San Francisco will meet the Nevada eleven on the University athletic field next Saturday afternoon. Everyone interested in the great college sport should visit the field and take in the game. It promises to be one of the best games to be played in Reno this season and from the score all interested in the intercollegiate contests will be able to draw a line on the contests between Nevada and the great colleges of California. Nevada is getting into first class shape and the backs are developing very fast speed. The line men are putting up great interference and the game will be fifty per cent faster than the Fort Baker-Nevada game, which was played last Saturday. Coach Shorts is anxious to make the team faster this year than any previous team and from all indications, his efforts will not be in vain.

The Olympic team is one of the best on the coast and has made a good showing against both Stanford and Berkeley, although both colleges have defeated it. The eleven is composed of alumni of the two California colleges and crack players of some of the famous eastern eleven. The players are old gridiron heroes and are getting into the game merely for the fun of playing and the purpose to win honors for their club. In the game with Stanford the Olympics were defeated by a score of 11 to 0, and in the contest with the University of California the club men were vanquished by a score of 12 to 0; which makes the two college eleven nearly even, although California has a little the better of it at present.

If Nevada runs up a score equal to that of either of the California universities, she will stand a good show of lowering both the Cardinal and the Blue and Gold. The sagebrush players may not be able to defeat the Olympics, but even if they are held down to a tie game by the local team, Nevada still stands a first class chance to win out.

Better Than Pills

The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills? Our answer is—They are easier and more pleasant to take and their effect is so gentle and so agreeable that one hardly realizes that it is produced by a medicine. Then they not only move the bowels but improve the appetite and aid the digestion. For sale at 25 cents per bottle by all druggists.

ALL THE STEEL IS NOW LAID

Electric Road Extends From Lake Street in Reno to the Round-house at Sparks

The rails for the electric road are now laid as far as the roundhouse and from now on the work will be taken up with ballasting the track and getting the poles and wires up. As it now stands, track has been put down from Lake street in Reno to a point opposite the B & W. hotel in Sparks.

In three or four places where the Southern Pacific and N-C-O tracks are crossed, rails have not been put down. In order to place them at these places the tracks will have to be cut and in one instance a track will have to be lowered. As soon as means are secured for cutting the rails this will be an easy matter and will not take much time.

Ballasting has been going on quite rapidly and a number of stretches along the line have already been leveled. These places give one somewhat of an idea how the whole road will look when completed. The space between the rails has been filled in as well as banking them from the outer side, and when completed it is possible for a wagon to cross the track without any inconvenience.

The wire has arrived and is at the depot in Reno. It will be strung as soon as the poles are in position. This will not be long as nearly all the poles have been set. It is the aim of the company to have the cars running within two weeks and they are making every effort in this direction.

In the Marshes

Armed to the teeth and looking for any game larger than a mere bear, Henry Holland, George Stoddard and Jack Marshall visited the sloughs near here yesterday afternoon. Many hours were spent in exploring the hunting grounds and at a late hour the weary hunters dragged themselves homeward with a few ducks as game. They report a fine time, though, and declare that though game was scarce, they were afforded plenty of amusement.

FINE SPEAKING THIS EVENING

County Candidates Will Open Campaign With Best Orators of the State

The Democratic-Silver candidates will open the campaign in earnest this evening at Rame's hall. Amongst them will be some of the best speakers in the State and they will present a clear view of the political situation in this community. They will make some astounding revelations, assertions that may perhaps surprise you for the moment. This will be done in a calm, dispassionate way. Every speaker will be a man, who, from the first, has had the interests of Washoe county at heart and who gives himself up in its interests.

All who attend will be given an idea of the real issues of the campaign. If you know nothing of politics, now is your time to learn. If you have been a keen observer of the campaign issues, go and learn something new. Every man, woman and child in Sparks are invited to be present.

At the conclusion of the speaking the floor will be cleared and the hall turned over to dancing. An opportunity will thus be given to discuss your opinions while you are yet warm from the arguments of the evening. It is expected that a large crowd from Reno will be present and undoubtedly Sparks will have a fine representation.

Stopping in Reno

Mrs. Leon Kaiser, of Sparks, who has recently returned from Sacramento, is visiting at the home of Mrs. Loder in Reno. During her trip to California she contracted a slight cold and is still suffering from its effects, but hopes to be entirely recovered in a few days, when she will move to her new home in Sparks.

School Opens Today

School opens this morning for the fall term and all teachers and pupils are expected to be present. The desks have been placed in readiness and all matters temporarily arranged for the convenience of the pupils. It is hoped that the attendance will be in accordance with the effort that has been made to get the school in operation.

Under the Weather

Fred Behler, of the Barrel House, up with ballasting the track and getting that place yesterday owing to a slight illness. It was not serious though, and he will be back at work today.

A Judicious Inquiry

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or for an adult, and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

If troubled with a weak digestion try Chamberlain's Stomach and Liver Tablets. They will do you good. For sale by all druggists.

DEATH VISITS SPARKS' HOME

Mrs. Buchanan, Formerly of Wadsworth, Succumbs to Complication of Diseases

Mrs. Anna Buchanan died at her home in Sparks yesterday morning from a complication of diseases which was hastened somewhat by the setting in of typhoid fever. She had been sick for the past six weeks and when it was learned that typhoid had set in, little hopes were felt for her recovery. Her family was summoned and all remained with her until the time of her death.

Mrs. Buchanan was born in Ireland fifty years ago. For many years she lived in Wadsworth, where she had a large circle of friends among the railroad people. When the company transferred its division point from Wadsworth, she became a resident of the new town.

She leaves a husband, George Buchanan, four daughters, Mrs. W. Welderton, Mrs. D. A. Rees and Misses Ruth and Bessie Buchanan, and one son, William Buchanan, to mourn her loss. The funeral will be held at half past one o'clock from the family residence in Sparks. Interment will be in the Odd Fellows cemetery at Reno. Perkins & Oliver have charge of the remains.

On the Road Again

Walter H. Jones made his first trip on the road yesterday, after having laid off for a year. He had secured a year's leave of absence and during that time he has been associated with T. J. Jones in conducting the Riverside Insurance Company's branch office. He will probably remain permanently with the road from now on.

WILL J. LAR AT TUSCARORA

Hon. H. F. Bartine Leaves for
Elko County to Open Cam-
paign With Gov. Sparks

Hon. H. F. Bartine, Democratic-Silver candidate for Judge of the Supreme Court, left last evening for Tuscarora. Together with Governor Sparks, Mr. Bartine will open the campaign in that town this evening. Later they will speak at Elko and from there will go to Wells. From Wells they will travel by the way of Salt Lake into Lincoln county, where they will deliver a number of speeches on questions of interest to the State. Returning, they will visit almost every important town in the State and will be absent about two weeks.

Mr. Bartine thus far has confined himself to discussing State issues and has kept his personal candidacy in the background. Heretofore judicial candidates have refrained from making a personal canvass in their own interests, though the uncalculated and unfounded reports that are being circulated by over-zealous Republican papers in the State, may result in Mr. Bartine departing from the custom. In this event the campaign will undoubtedly prove rather exciting, for the few who would seek to traduce the name of the Democratic-Silver nominee for Supreme Judge.

MYSTERIOUS SHOTS CAUSE EXCITEMENT

Two shots rang out on the air at 2:45 o'clock this morning and within a few moments the police and a number of citizens were running rapidly towards the corner of Lover's Lane and Second street, where the shots were heard. Officer Elder was the first on the scene, but although he walked through the dark alley and searched the places where the men who fired the shots might be hiding, he could find nothing. Officer Cadle and Deputy Constable Christie joined him in the search and all of the alleys in Chinatown were also traversed, but the search was fruitless.

purchase his way into the United States Senate."

In closing, Mr. Van Duzer issued a sweeping challenge to Mr. Nixon or Mr. Yerington individually or collectively to meet him in debate on the issues of the day, at any place or night or series of nights.

Senator Newlands then addressed the meeting and in eloquent terms put forth the cause of Democracy and its standard bearers. The meeting adjourned with three cheers for Parker and Davis and the ticket, which were given with a will.

WHILE DELIVERED AT GOLDFIELD

Letters and Papers Are Now
Speedily Delivered at the
New Bonanza Camp

Goldfield is not going to do without the usual postoffice accommodations as will be seen by the following from the Tonopah Miner of last week:

For more than a month the postmaster at Goldfield, for want of proper quarters and necessary assistance, has not been able to deliver letter mail as fast as called for and second and third-class mail has been almost entirely neglected. The rush for mail has increased so rapidly that the old citizens, who are well known to the postoffice clerks, could not get their mail for days at a time, and inasmuch as the government has declined to supply funds to hire sufficient help, it became necessary to furnish the money by subscription. P. L. Griffin, secretary of the Tonopah-Goldfield Trust Company and the Goldfield Diamond Mining Company obtained the consent of the postmaster and at once took up a collection. The citizens responded liberally and within a few hours enough money was subscribed to insure an adequate service. The front of the postoffice has been so arranged as to accommodate the public and more help has been provided, and now all mail is promptly delivered.

THE JOCKEY CLUB PAYS ALL CLAIMS

The final meeting of the Nevada Jockey club was held last evening. It was for the purpose of auditing and allowing bills contracted during the racing meet last week. Quite a number of claims were presented and each one was promptly ordered paid.

Several creditors failed to render bills. In order that the delinquent ones may receive what is coming to them, Secretary Roff was given authority to meet all obligations contracted by the club. Claims presented to him will receive proper attention.

Knights of Khorassan

There was a meeting of the Dramatic order, Knights of Khorassan last evening. It was called at the conclusion of the regular session of Amity Lodge, Knights of Pythias. The semi-annual session of the order will be held in December and the work of preparing for the gala event was discussed at last evening's session. The program promises to surpass former efforts of this popular organization, though all plans will not be definitely shaped for some time.

To Begin Assessment Work

R. W. Parry leaves this morning for his mines in Olinghouse Canyon. The company of which Mr. Parry is superintendent owns thirty-two claims in that district. Assessment work on these will begin at once and Mr. Parry goes to direct it.

AT COUNCIL MEETING

Jack Wiley Is Granted a License, Chief Leeper Is
Instructed to Buy a Patrol Wagon, and
Other Matters Are Acted Upon

For the first time in many moons there was a temporary deadlock at the session of the City Council, held last evening. It all came up in a minute and was over granting a liquor license to Jack Wiley, who wants to conduct a saloon in a building owned by him in the rear of the Pyramid House.

Councilmen Wilson and Luke entered an emphatic vote against the petition while Councilmen Koppe and Martin cast their ballot in favor of it. "It's a tie," said the Mayor, "and I vote aye." A minute later some one in the room suggested that the Council would have trouble over the place, other facts were brought out and the Mayor evinced a desire to change his vote. "If I had known that I would have voted different," he explained. "I thought everyone was informed of the facts," chimed in Councilman Wilson. "The case has been discussed here before." But the Councilmen who voted "aye" notified to appear at the next meeting and furnish proper data and also name instances where the companies overcharged.

A petition signed by twenty-four residents was presented asking for a light at the corner of Liberty and Hill streets on the south side of the river. This petition was laid over until the next meeting.

Mr. Dollings asked for relief for himself and his family, saying that he and his family had been quarantined by the Board of Health for smallpox and that he had suffered all the expense of the quarantine. He asked that the Council pay the druggist's and physician's bills. The matter was referred to the City Attorney, who advised the Council that they could not act, as a Board of Health had never been appointed by the city and that the city did not provide a hospital for its sick. The charter gives the Council authority to appoint a Board of

were determined and no one moved for a reconsideration. "He's a good fellow," said Councilman Koppe, "and let us give him a chance." The spirit prevailed and Mr. Wiley will be allowed to open a saloon.

It was an adjourned session of the Council and but little business of importance was transacted. There was a full attendance, though Councilman Drappo was not present when the vote on the license was taken.

The appointments of H. P. Brown, E. A. Morrill and A. Trembley as policemen for the city were confirmed and the new officers were ordered by Chief Leeper to appear Saturday for duty. They will be stationed in different residence districts of the city to patrol the streets and do police duty. The Council also ordered that the Chief of Police have a telephone placed in each district so that the officers can report to the central office every hour and if necessary ring for help at any time.

Several citizens of the city appeared before the Council with requests or complaints and in each case the matter was laid over. George James appeared and complained that the companies having telephone and electric light wires running through the streets of the city charged excessively for moving these wires so that they could not interfere with house movers. His complaint was heard and he was

Health and define its duties, but the Council has failed to take any steps in this line. The Council is of the opinion that the county should attend to such cases in the city and advised Mr. Dollings to appear before the County Commissioners and ask for proper relief.

Attorney Williams advised the Council that the city should have some law books and by a vote the city fathers ordered the Mayor to purchase a set of Smith on "Municipalities." These books will be for the use of the City Attorney and will be kept in the city hall.

The house for the use of the chief of the fire department was a white elephant on the hands of the City Council last evening, and after discussing every possible way of caring for him, the members of the Council agreed that he must be disposed of. James O'Neill, Dan O'Connor and Pete Steffens were appointed appraisers and the animal will be sold to the highest bidder.

Chief Webster of the fire department, suggested that the Mayor and the Council communicate with the insurance companies and try and get a reduction in fire insurance rates. The Mayor and Council instructed the City Clerk to write to the fire insurance underwriters and see what could be done in the matter. The fire chief was of the opinion that since the taxpayers had been to great expense in furnishing the city with a large and efficient fire department, their rates should be lower. The Mayor expressed the opinion that despite this fact he did not think the rates would be reduced until better water works have been provided for the city.

The clerk was instructed to advertise for bids for slaughtering to be used in crossings.

The Mayor and chief of police were also authorized to purchase a patrol wagon.

A. I. Smith was granted a license to the Elite saloon, having purchased the interests formerly owned by Coules & White.

WHEELMEN TO ELECT TONIGHT

Business Session Will be Followed by the Usual "Stag"
Party and Social

The election of the Board of Governors and officers of the Reno Wheelmen club will be held this evening. This is an event that takes place every six months and is always attended with much interest. The former officers of the club have given so much satisfaction that they will have not have opposition tonight. On the Board of Governors, there are a number of nominations, every one a good one. For this reason there has been considerable interest attached to the outcome and a large attendance is assured.

AFTER HONORS

University Second Eleven and
Public School Team to Try
Conclusions Today

The second eleven of the University of Nevada and the Reno High School team will meet on the University gridiron today in their annual football game. The struggle will be interesting and will in all probability be well attended. The High School is putting up a good game and has a fairly strong eleven, although it is not as heavy or swift as last year's team. This will be the first game this year for the High School students and they will struggle hard to gain a victory.

The second eleven will be heavier and will be more experienced than the High School team, but nevertheless the college men expect a hard fight. The very best material outside of the Varsity team will be put into the fight and the game will be fast and hard from the kick-off until the whistle blows at the end of the second half.

Following is the line-up of the High School team:

Fullback, Ralph Seagraves; right half, Ben Davis; left half, Royal Stewart; quarter, Ernest Tolson; center, Ernest Damon; left guard, Arthur Horton; left tackle, Alfred Ede; right tackle, Harry Sheehy; left end, Solomon Lachman; right end, A. Rice.

A REPORTED SALE STRONGLY DENIED

In regard to the reported sale of the Sierra railway to the Santa Fe company, T. S. Bullock, president and manager of the Sierra railway, says:

"I am at a loss to account for such rumors as are being circulated. You can state positively that there is not a word of truth in the dispatch and no deal is under way for the sale of our railroad. This is the first time fictitious reports have been circulated concerning the Sierra railway. Someone may have an object in starting stories of this kind, but I am at a loss to understand how they expect to reap benefit from circulating false reports." The report that the Sierra railway has been purchased by the Santa Fe is emphatically denied by Mr. Bullock. The fact that the Santa Fe has built a branch road from Riverbank to Oakdale and connected with the Sierra railway gave color to the reported sale. The large shipments of lumber from the mountains will be made over the route hereafter.

WRIT DENIED

Authorities Succeed in Showing
Good Cause Why Gibbs
Should be Tried

The case of the State of Nevada vs. Robert Gibbs, charged with forgery, was called in the District Court before Judge Currier yesterday. The petition for a writ of habeas corpus was argued by the attorneys after which the writ was denied by the Judge.

Gibbs is accused of forging the name of E. J. Robinson to a check for \$27 and appeared before the last grand jury, but the indictment was demurred to and the case was remanded to the grand jury. Attorney Stoddard then petitioned the court for a writ of habeas corpus for his client, claiming that he was illegally held.

District Attorney Pike handled the case of the State and was sustained by the court yesterday, Judge Currier ordering that the prisoner, Robert Gibbs, be remanded to the Sheriff in whose custody he legally belonged.

After disposing of the petition of Robert Gibbs, the matter of the guardianship of the estate of M. S. Alt was called and B. M. Ward, the guardian of the estate made his annual report to the court. The court then took a recess until this morning at 10 o'clock.

RENOITES PURCHASE MINING PROPERTY

Otto B. Benschuetz and G. W. Shutter-Cottrell yesterday became owners of two promising mining properties located about 150 miles north of Reno. The first payment has been made, several men have been employed and further development work will begin at once. The property has been developed to a great extent. A shaft 300 feet has been sunk, while drifting for a similar distance has been made, ore from the mine paying the cost of development.

The Gray Eagle, which recently netted its owners \$20,000 on a twenty day run, adjoins this property. The formation is of a decomposed nature and easily worked. The new owners figure that the total cost will not exceed \$1 per ton. It is the intent of Messrs. Cottrell and Benschuetz to erect a cyanide plant. Work on this will begin at once and it is thought the plant will be ready to start early next spring.

Going to Goldfield

Mrs. Steve Currie and Mrs. A. F. Price leave this morning for Goldfield to reside. Their husbands have been located at that camp for some time and are meeting with much success.

of George Kilmit's \$10,000 production
of W. L. Roberts' celebrated comedy
drama, "On the Bridge at Midnight".
This production, like all others of
its kind, is devoid of all that sensa-
tional horse play so commonly before
the public today. It is a clean-cut dra-
ma with a carload of scenery and the
latest mechanical devices. It de-
rives its name from the famous bridge
scene, which shows a full sized work-
ing model of a jack-knife bridge in
full action, opening to allow the pas-
sage of a large lake steamer, in full
view of the audience, one of the prin-
cipal scenes of the production takes
place on the bridge.

The story is one full of heart inter-
est and comedy. It deals with the un-
tilting search of a heart broken mother
for her child who was kidnapped
years before, and in fact, is one of the
most evenly balanced attractions on
the road today having in its make-up
scenic devices never heard of before
and a company of competent actors,
who have been before the public for
years.

The play will be seen here for one
night Saturday evening, October 15th.
Tickets are now on sale at Rosenthal
& Aimanos.

Automobiles for Goldfield

A D Nash arrived in camp yester-
day in a 14-horse power Toledo au-
tomobile, says the Goldfield News.

Mr. Nash will have charge of an au-
tomobile service between Goldfield and
Tonopah and it is expected that the
new line will be in operation within
another week. Automobiles have not
been a success on the desert thus far
but it is thought the new 36-horse
power Toledo machines which Mr.
Nash has coming will entirely fill the
bill. These machines will make the
run in three hours at the outside
and make round trips daily.

Will Undergo Operation

Jacob Gooding left Sunday
for San Francisco to have an
operation performed. Mr. Gooding
was taken suddenly ill several days
ago and will undergo treatment at the
bay on recommendation of his physi-
cian. Mr. Gooding is an old resident
of Reno and is known throughout the
State. His many friends in Nevada
hope to learn of his speedy recovery.

Owned Considerable Property

Sarah Hamilton yesterday filed a pe-
tition for letters of administration of
the estate of her late husband, Wil-
liam H. Hamilton. The estate is val-
ued at \$3,280 and consists of property in
the city of Reno. R. C. Stoddard is
attorney for the petitioner.

Saved His Life

J. W. Davenport, Wingo Ky., writes
June 14, 1902: "I want to tell you I
believe Ballard's Snow Liniment saved
my life. I was under the treatment of
two doctors, and they told me one of
my lungs was entirely gone, and the
other badly affected. I also had a
lump in my side. I don't think that I
lived over two months longer. I was induced by a friend to
try Ballard's Snow Liniment. The first
application gave me great relief, two
fifty cent bottles cured me sound and
well. It is wonderful medicine and I
recommend it to suffering humanity." 25c,

Former Students and Professors of Whitaker Seminary to Hold Reunion

The former students and professors
of Whitaker Seminary, which was at
one time the leading school in the
State, will meet at the residence of
Mrs. S. J. Hodgkinson, at 616 North
Center street this evening at 6 o'clock
and celebrate the twenty-eighth anni-
versary of the old school. An effort
has been made to have all the students
and professors now living attend the
meeting, but many of them are out of
the State and for this reason will be
unable to be present.

The reunion will be in the form of a
sumptuous banquet. During the
course of the banquet toasts will be re-
sponded to by many of the prominent
ladies of the city and State, who were
one time teachers or students in the
Seminary, and the good old times
when the school was in its prime will
be recalled.

After the banquet a musical and lit-
erary program will be rendered by the
different ladies present and a very
pleasant evening will be spent.

These reunions have been held every
year since the founding of the insti-
tution which was started by Bishop
Whitaker on October 12, 1876. In the
years when the seminary was running
the young lady students were given a va-
cation on each anniversary of the
school and a delightful party would be
held on the beautiful grounds around
the old building. Since the school has
been closed however, the students and
professors still living, meet every year
on the 12th of October and celebrate
the date, which all remember as one
of the happy periods of their life. Every
year the number that gather
around the table of union and friend-
ship grows smaller but still those who
are left meet and remember with ap-
propriate ceremonies the great day
when the institution was started.

The old building which was once
the home of many happy girls all seek-
ing and gaining higher knowledge, is
now an hospital but it is still spoken
of as the Whitaker seminary and as
long as Reno is a city and the hill
upon which the building stands re-
mains it will be known as Seminary
hill. The grounds are still beautiful,
although they are not kept as in for-
mer years.

A TREAT TO MUSIC LOVERS

Violin Recital at Congregational Church and Pronounced a Great Success

A large number of music lovers of
the city attended the violin recital at
the Congregational church last even-
ing and all who had the pleasure of
hearing the program were more than
satisfied with it. Every selection was
entertaining and although some of the
best musical talent in the city were
present, not a person in the audience
found a flaw in the renditions of any
of the pieces.

Professor Sardon's selections on the
violin were beautiful. It is sel-
dom that the people of this city have
an opportunity to hear such music
and it is always appreciated. He re-
ceived much applause last evening and
those present never seemed satisfied
but called for an encore to each se-
lection.

Miss Jessie Levy, the entertaining
little pianist accompanied Professor
Sardon in his renditions and Mrs. H.
E. Franck in her solos. Her accompa-
niment to the different parts on the
program added much to them, and
showed that Miss Levy is an artist of
the piano. She is deserving of a
great deal of praise and it is a treat
to hear her play.

Mrs. H. E. Franck was in excellent
voice and every song was received with
much applause. Her voice is one of
the sweetest ever heard in this city.

The session opened in the court-

of welcome and other formalities, the
grand lodge went into secret session
for the transaction of its business. A
big banquet tomorrow evening is a
feature of the three days' program ar-
ranged for the gathering.

Missouri Day at the Big Fair

that were present to help in the cele-
bration of Missouri day.

The Bulletin

Happenings Among the Congre- gationalists During the Past Few Days

The decorations for Harvest Home
at the Congregational church last
Sunday were pronounced by many as
equal to anything ever undertaken in
the city for beauty and artistic effect.
Fruits and vegetables, autumn leaves
and climbing vines and an abundance
of cat-tails were used to great ad-
vantage.

The pastor preached Sunday evening
on "Wireless Telegraphy," and will fol-
low next Sunday evening on "Radi-
um," illustrating the spiritual laws
which are being revealed in the nat-
ural world.

The Reno Men's club starts out with
a membership of twenty. Professor
Etchevery, of the University, will lead
the discussion next week Thursday on
"The Sewerage Problem in Reno."

The supper given by the ladies of
the church last week called out such
a crowd that it was necessary to turn
away the late comers. Next time the
ladies will make a more ample provi-
sion. Over \$50 was taken in at the sup-
per last week.

This week Friday at 3 p. m., a Ju-
nior Endeavor will be organized in the
church. Young people under sixteen
years of age are eligible. Miss Howe,
of the University will superintend the
work of the society.

The Ladies Aid Society will meet
Thursday afternoon with Mrs. Coffin,
209 Fourth Avenue. Work will be pro-
vided for all who attend.

The work of the church is now hope-
ful and enthusiastic. The church at-
tendance is increasing. The music,
in charge of Mrs. N. E. Wilson and Mr.
George S. Nickerson, is helpful and in-
spiring. The future of the church now
looks exceedingly bright.
